Objective

I want to work in a fair and friendly environment. I am not afraid of challenges and difficulties because they will help me reveal my potential and gain more knowledge and experience. All of the above will assist me in achieving my goal of becoming a manager in the next 2 years.

I will constantly learn and improve my skills to bring profits to the company and also gain experience for myself.

Skills

Coding:

- **Programming Languages:** ASP.NET, C#, HTML, CSS, JavaScript, Java.

Tourism

Project

Movie Directory Website | Mar 2024 - Mar 2024

- Website to browse movie information and trailers, integrating data from Movie Database API.
- Utilized React JS, HTML, and CSS to create an interactive user search experience by movie name and details

News Reading Application | Feb 2024 - Feb 2024

- Website in Javascript that displays news from newsapi.org API, with a user management system, curated news feeds, and a news search feature.

The Rented Houses Website | Oct 2021 - Dec 2021

- Website that allows users to post topics, find renters or roommates, and search for rental homes, powered by PHP and Javascript.
- Designed the MySQL database schema for the available rental places, user accounts, and post history.
- Implemented a visually appealing home page using HTML, CSS, Javascript, and Bootstrap, with posting capability, information feed of rental houses and rooms, and search functionality by home address.

Coffee Shop Website | Apr 2021 - Jun 2021

- The website that allows users to select and order drinks from a coffee shop, built with ASP.NET and C#.
- Supported features such as the home page, drinks menu, and shopping cart, using CSS, HTML, and JavaScript.
- Designed and implemented a database in SQL Server to persist users' shopping cart items and orders.

Activities

2019 - 2022: Member of HUTECH volleyball club
