Applying Entry Position For

Import export specialist, Customer service, Supply chain executive and Document staff.

PERSONAL STATEMENT

As a highly motivated and goal-oriented person, I set out to gain an extensive understanding of Import-Export procedures and other areas of the logistics and supply chain field during my undergraduate days. I also acquired interpersonal skills hands-on with substantial part time work. After graduation from University, I am eager to gain experience, apply my knowledge and build a career in the logistics industry. My objective is to generate value for my employer by cultivating long-lasting and meaningful connections with industry players while leveraging my knowledge of supply chain management and resource optimization.

LONG TERM GOALS

- Becoming a specialist in the ImportExport domain and making valuable contributions to my employing organization's international strategic planning
- Invest significant time and effort into acquiring comprehensive knowledge and skills of the industry
- Develop strong analytical and critical thinking skills that will enable me to identify new market opportunities and devise innovative solutions for complex business challenges.
- Aspire to advance into a supply chain management expert, equipped with the ability to formulate strategies based on profound market insights.
