OBJECTIVES

I am an introverted individual, always valuing work time and setting high standards for myself regarding tasks. With a strong sense of responsibility, I consistently strive to complete assignments ahead of schedule, ensuring both quality and optimal efficiency.

EXPERIENCE

Teaching At Pham Nguyen English Center

Jan 2020 - Dec 2023

In the role of a teaching, I need to learn to manage schedules, develop soft skills, and hone negotiation skills. To master schedule management, I begin by constructing an organized work schedule and prioritizing tasks based on importance and deadlines. While instructing, I can cultivate soft skills by actively engaging with students, listening attentively, advising them, and solving their problems. In this way, it provides me an opportunity to develop various essential skills in the workplace.
