ABOUT ME

I am a final-year International Finance student at the University of Economics, Ho Chi Minh City, looking for an internship in the financial sector. I have a solid understanding of international finance principles and am particularly interested in global markets. I am eager to apply my theoretical knowledge to real-world scenarios, especially financial analysis, investment projects, and cross-border transactions. I hope to contribute my analytical skills and new perspectives while gaining practical experience in a dynamic financial environment.

EDUCATION

PROFESSIONAL EXPERIENCE

English and Math Tutor

2022 – 2024

Ông Mặt Trời tutor center

My experience as a tutor has helped me improve my communication and interpersonal skills. To find appropriate teaching methods for each student, pay attention to their specific needs and learning progress.

A part-time waitress

2022 – 2023

Metropole Wedding & Convention Center

As a busy kitchen assistant, I gradually learned how to better manage my time so that I could organize my studies, care for myself, and maintain my relationships.

ACADEMIC ACHIEVEMENTS

- Head of the scientific research group with the topic: Green finance and financial technology – important contributions to sustainable economic development: empirical evidence from G7 countries.
- Read and understood corporate financial reports, fundamental industry analysis, and technical analysis, earning a score of 9.8 in the Corporate Finance course.
- Achieved a 9.5 in Financial Risk Management. Comprehensive understanding of financial risk management models. Successfully applied financial risk management principles to practical exercises.
- In addition, understand the fundamentals of accounting principles and practices, scoring 8.8 in Accounting Principles and 8.5 in Financial Accounting.

COMMUNITY ENGAGEMENT

Student Assistant Center

I have the opportunity to volunteer for the "Tiếp sức mùa thi 2022, 2024" program, which allows students to accompany and support other candidates and their families during important exams. This opportunity allows me to develop social relationships; volunteers collaborate well, fostering group solidarity.
